Yes you will need to review it. Debbie usually sends out a letter to us with comments for us to address --typically questions about if cost is reasonable, the scope ok etc, qualifications of drillers ok

so you may want to wait for Debbie's letter

Good Morning, Helen!

I got the Request for Consent to Subcontract from CDM. Do I have to review it? Are there any guidelines?

thanks for your patience and assistance in this contract 'convoluted' process
